

25,

Thank you to the thousands of loyal customers around the world who have elevated Katun® and Media Sciences® color toners to an important industry milestone: producing more than **25 billion** pages on copiers, printers, and MFPs. To our suppliers and vendors, thank you for consistently delivering against our exacting standards for over three decades. And most importantly, to our employees, thank you for delivering on the Katun mission to be the world's best, most trusted OEM-alternative source for imaging supplies and parts. With your support, we continue to invest in the future, and we are excited about reaching two other important industry milestones this year: **\$3 billion** in customer savings and **1 trillion** combined color and monochrome pages produced.

Thank You.
Todd Mavis, President

000,

Another milestone. And we're reaching for more.

000,

000,
